

LUAAPS JULY

NEWSLETTER

In July, we joyfully celebrated the graduation of our Primary 6 students, marking a new chapter in their learning journey! The ceremony was a grand event filled with cheers and heartfelt moments. Readers can find more details and fantastic photos later in the newsletter.

July was also an exciting month at LUAAPS, packed with post-exam activities that kept spirits high! Our students visited PLA Hong Kong Garrison Exhibition Centre, enjoyed movies, explored Kowloon Hospital, KOL studios, and sister schools in Guangzhou. They had a blast with water fights, robot jumps, sprints and challenges, and got creative in workshops, including body painting.

As we reflect on this vibrant month, let's remember Albert Einstein's words: "Education is not the learning of facts, but the training of the mind to think." Our goal is to provide a holistic educational experience that nurtures tomorrow's great thinkers, and we're proud of our progress.

Wishing all our graduating students the best as they embark on new adventures, and a happy, safe summer to everyone in our community! See you in September!

Our school recently visited the Chinese People's Liberation Army (PLA) Hong Kong Garrison Exhibition Center at Ngong Shuen Chau Barracks, engaging students with key aspects of our history and national identity.

The exhibition features three halls: "The Chinese Dream," "The Dream of a Strong Military," and "The PRC HK Garrison," each offering insights into our heritage. The weaponry and equipment area highlighted the military's societal role.

Students documented their learning and deepened their appreciation for history, connecting with narratives that shape our community.

Thanks to the parent helpers for their support, making this experience smoother and more enriching. We look forward to more opportunities for students to explore their heritage!

FLIP FLOPS

What a truly remarkable day we had at our Graduation Ceremony, where we waved goodbye to the bright stars of tomorrow—the creative, the athletic, the academic, and the scientific minds who have enriched our school community! It was heartwarming to witness the incredible display of love and pride from our students' families and staff as we took a moment to reflect on all that our graduates have achieved.

The ceremony was filled with excitement, featuring breathtaking performances from our spectacular skipping team and the outstanding Musical team. Our P6 graduates dazzled us with their amazing dancing and singing, showcasing their talents and hard work. It was a day to celebrate not just our graduates, but also the dedication and perseverance that brought them to this milestone.

We extend our best wishes to all our graduating students. We are eager to follow your journeys as you continue to make your mark on the world. Remember, this is just the beginning of your exciting adventures ahead!

2023

POSITIVE INFLUENCES

Our P5 students recently visited a KOL (influencer) studio as part of our "Information Literacy" course. This hands-on experience allowed us to learn about the filmmaking process and the creative ideas behind content creation.

At the studio, we had the opportunity to use professional equipment and try our hand at shooting. It was a great way to enhance our digital skills and inspire our creativity!

MAKING A SPLASH

What an exhilarating way to cool off this month! Our students, teachers, and parents jumped into an epic water fight that filled the air with laughter and excitement. Armed with buckets, super soakers, and hoses, they transformed the school grounds into a lively splash zone!

This thrilling event was the perfect way to celebrate and unwind after the exam period. The joy and camaraderie on display showcased the vibrant spirit of our LUAAPS community. Here's to more fun-filled activities that bring us together!

GOSPEL DAY - CAMP

Our school recently organized the "Primary Five Gospel Day Camp" at the Woot Chuen Church of the Evangelical Free Church of China. This event aimed to help students deepen their understanding of the Gospel and experience church life firsthand.

Through engaging activities like poetry chants, team games, and sharing discussions, students explored the Christian faith and found inspiration in their interactions. We extend our gratitude to the Evangelical Free Church of China for their support in guiding our students toward meaningful life lessons.

A TERRIFIC DAY

We're so grateful to School Manager Ms. Li for coordinating our wonderful celebration on July 1st! It was a blast watching Jurassic World: Rebirth together at MCL Cinemas, followed by a surprise Q&A session with exciting prizes like gift vouchers to keep our summer reading adventures alive!

Rawr!
