Christmas Edition

December was a very special month at LUAAPS! The Christmas spirit was in the air as everyone shared joy and kindness with their friends and teachers. Our Primary 1 students reached an exciting milestone as they celebrated their first 100 days in school, marking how much they have grown, learned, and all the new friends they have made. All of our students worked hard and showed great determination as they completed their exams. To celebrate the completion of the exams and to embrace the Christmas spirit, students enjoyed a variety of fun post-exam activities, such as visiting Ocean Park, a movie day and a visit to The Lingnan University, to mention a few. Christmas even came early with a bit of snow for students to enjoy! From sharing treats to spending time with classmates, December was a month of celebration!

Ocean Park

On the 13th of December, our students enjoyed an unforgettable day at Ocean Park with their teachers and parents. Everyone was bursting with excitement as we explored the park together. Many students were brave enough to try the thrilling rides, laughing and cheering with their friends as they zoomed through the air and raced around alongside their classmates and parents. Students also had the chance to visit the animal exhibits, where the adorable pandas and monkeys stole the children's hearts. The students were also treated to the aquarium where they were wide eyed at the amazing marine life that could be seen.

Throughout the day, students, teachers, and parents shared happy moments, took lots of photos, and made wonderful memories together. It was a fun-filled day that let students cherish their time together. Our visit to Ocean Park was truly a special experience that our students will remember for a long time.

100 Days

Our Primary 1 students joyfully celebrated their first 100 days on the 11th of December with a very special event. Parents were invited to join the celebration, making the day even more meaningful. Students also created thoughtful gifts for their parents. The day showcased how much the students have grown. It was a happy milestone filled with smiles, pride, and precious memories for all.

Lingnan University Visit

On 16 December, our Primary 1 students visited Lingnan University for an exciting learning adventure. They explored the beautiful campus with their teachers and helpful parents, walking past classes, through the gardens, and getting a first hand experience. The children took part in fun activities prepared by the university. They got to experience "big school" life, sparking their curiosity about learning in the future.

Movie Day

After finishing their exams, our students enjoyed a well-deserved Movie Day at school on the 11th of December. Our library and school hall was transformed into cozy cinemas, where everyone could relax and eat treats with their friends.

Students settled in to watch fun and heart warming movies that made them laugh, think, and unwind after weeks of revision and hard work. It was a special reward to celebrate their effort, perseverance, and positive attitude during the exam period. Movie Day gave everyone a chance to rest, recharge, and simply enjoy being together after all their dedication to their studies.

Let it Snow

LUAAPS was filled with laughter and excitement when snow fell from above to give students a magical “white Christmas” experience with the help of snow machines. Snowflakes gently floated through the air as children ran, played, and pretended they were in a real winter wonderland. Students were thrilled to touch it, toss it, and share the joy with their friends. The playground sparkled with Christmas cheer as everyone smiled, giggled, and enjoyed an unforgettable and special seasonal surprise.

Stream Fun Day

- Our STEAM Fun Day took students on an exciting adventure with the famous explorer Zheng He. Through stories and activities, they learned about his voyages around Asia and how sailors used tools like compasses, the stars, and the wind to navigate. Students then created their own navigation tools and related projects. Later, they joined a gallery walk, moving from class to class to present their work and learn from others. With a special checklist, they also searched around the school for “treasure” locations matching Zheng He’s travels.

Christmas Worship

- On the final day of school before the Christmas holidays, our students gathered for a special Christmas worship session, hosted by EFCC Fook Chuen Church. Together, we sang, listened to the Christmas story and enjoyed an exciting show about the birth of Jesus that was presented by Heart Theater. The perfect way to end before all heading out for the holidays!
